Suggested Social Media Copy for [Fall 2023 COVID Information Commons Webinar: Research Lightning Talks](#)

Date: Tuesday, October 10th, 3:30 - 5:00 (ET)

Event Information:

Meet the scientists seeking new insights on COVID-19. CIC lightning talk webinars bring together researchers studying wide-ranging aspects of the current pandemic, to share their research and answer questions from our community. Learn more about their ongoing efforts in the fight against COVID-19, including opportunities for collaboration.

This webinar will feature the following speakers:
- Gregory Bix, Tulane University. [SARS-CoV-2 mediated neuroinflammation and the impact of COVID-19 in neurological disorders](#). Funded by NIH National Institute of Aging.
- Zachary Boyd, Brigham Young University. [LEAPS-MPS: Structure and Dynamics of Global Supply Chain Networks](#). Funded by NSF Division of Mathematical Sciences.
- Leila Hedayatifar, New England Complex Systems Institute. [Effects of preventive protocols in COVID spread, an agent-based framework](#). Funded by NSF Division of Environmental Biology.
- Leysia Palen & Deepika Rama Subramanian, University of Colorado, Boulder. [Fertile Ground: Women's Bodies as Sites for Motivating Disinformation](#). Funded by NSF Division of Social and Economic Sciences.
