

**Suggested Social Media Copy for [December 2024 COVID Information Commons Webinar: Research Lightning Talks](#)**

**Date:** Monday, December 9th, 12:00 - 1:30 (ET)

**Event Information:**

Meet the scientists seeking new insights on COVID-19. CIC lightning talk webinars bring together researchers studying wide-ranging aspects of the current pandemic, to share their research and answer questions from our community. Learn more about their ongoing efforts in the fight against COVID-19, including opportunities for collaboration.

This webinar will feature the following speakers:

- Dani Dumitriu, Columbia University. [COVID-19 Mother Baby Outcomes \(COMBO\): brain-behavior functioning](#). Funded by NIH National Institute of Mental Health.
- Harvey Pollard, Uniformed Services University School of Medicine. [COVID-19 airway inflammation is due to Spike inhibition of CFTR signaling](#). Funded by NIH National Heart Lung and Blood Institute.
- Emily Wiemers, Syracuse University. [Tracing the Health Consequences of Family Support during the COVID-19 Pandemic](#). Funded by NIH National Institute on Aging.
- Gabriela Wilson, University of Louisiana. [National Initiative to Address COVID-19 Health Disparities Among Populations at High-Risk and Underserved, Including Racial and Ethnic Minority Populations and Rural Communities](#). Funded by the Department of Health and Human Services Center for Disease Control and Prevention (CDC).
