

Suggested Social Media Copy for [Spring 2023 COVID Information Commons Webinar: Research Lightning Talks](#)

Date: Monday, April 24th, 2:30 - 4:00 (ET)

Event Information:

Meet the scientists seeking new insights on COVID-19. CIC lightning talk webinars bring together researchers studying wide-ranging aspects of the current pandemic, to share their research and answer questions from our community. Learn more about their ongoing efforts in the fight against COVID-19, including opportunities for collaboration.

This webinar will feature the following speakers:

- **Ellen Foxman**, Yale University. [Host response-based screening for unexpected or emerging respiratory viruses](#). Funded by NIH National Institute of Allergy and Infectious Diseases.
- **Niema Moshiri**, University of California, San Diego. [Real-time phylogenetic inference and transmission cluster analysis of COVID-19](#). Funded by NSF Division of Environmental Biology (DEB).
- **Ioannis Paschalidis**, Boston University. [Predicting and Preventing Epidemic to Pandemic Transitions](#). Funded by NSF Predictive Intelligence for Pandemic Prevention Phase 1.
- **Jeffrey Townsend**, Yale University. [Analyses of polymorphism and divergence to illuminate molecular evolution permissive of zoonoses in SARS and COVID-19](#). Funded by NSF Division of Environmental Biology (DEB).
- **Chang-Yu Wu**, University of Florida. [Environmental Surveillance to Assess Aerosol Transmission Pathways of COVID-19 Enabled by On-The-Spot Sampling and Detection](#). Funded by NSF Division of Chemistry, Bioengineering, Environmental, and Transport Systems (CBET).
